

Dear Land Reuse Committee:

This letter is in support of the Land Reuse and Revitalization Program for Texarkana. Our downtown area has been in decline for a number of years. Abandoned properties and lots have taken over creating a perception of contamination. Revitalization of these properties and creating greenspace will create an environment conducive to bringing people back to downtown. Adaptive reuse of existing properties and reusing the present infrastructure will curb urban sprawl.

I strongly feel that Downtown Texarkana has a need for a program such as this and am interested in participating in the process.

Please consider this letter a show of support and commitment for the Land Reuse and Revitalization Program.

Sincerely,

Betty Halder (Boen)
Cuff, Callow
